

# CAPACITY BED

## FLEXIBLE ROOMS FOR INCREASED OCCUPANCY

**Need a double room during the week, but a family room on the weekend? We have the solution for you! With our Swedish-made, high-quality Capacity Bed wall bed, you can have flexible rooms which are easily transformed from double rooms into family rooms.**

In just a few minutes, a small room can be turned into a family room without the inconvenience of handling extra beds. With its stylish yet simple and discreet design, it is possible to create a smart interior that enlarges the room without the bed taking up space and focus.

Our Capacity Bed is approved according to the standard EN 747-1:2012+A1:2015 and we are in full control of production. You can therefore have confidence that the construction is safe and secure for your guests.

Thanks to our price level, the initial investment quickly pays for itself.

# THREE MODELS TO SUIT YOUR NEEDS

Capacity Bed -Double

Capacity Bed -Combi

Capacity Bed -Single

It can be difficult to create space for sleeping accommodation without losing floor space in the daytime. With our custom-made wall bed, you can solve the problem quickly and simply. Requiring only 30 cm of floor space, it is incredibly space-saving and discreet.

We have developed the Capacity Bed in close collaboration with our customers and have solved space problems for hotels, hostels and holiday villages. It also works well in other situations, for example in staff break rooms, preschools, patient hotels and so on. Even with the great flexibility of the wall bed, sleep comfort is not compromised. It is as comfortable to sleep in as a regular hotel bed and can therefore be charged at the same rate.

These practical wall beds are currently available in three different versions:

**Capacity Bed Single**, **Capacity Bed Double** and **Capacity Bed Combi** (the lower bed is an accessor)

## BENEFITS OF THE CAPACITY BED

- Higher occupancy of your rooms through increased flexibility.
- Requires only 30 cm of floor space, when not in use.
- High quality provides excellent sleeping comfort.
- Swedish production ensures high quality and shorter delivery times.
- Prepare extra beds quickly and smoothly with its easy operation.
- Approved by the Swedish Technical Research Institute.
- Five-year warranty against material and manufacturing faults.
- A well-proven product developed according to market needs.
- Tilting upper bed to facilitate bed-making and cleaning.

(mått i mm)	C B Single	C B Combi	C B Double
Closed (LxHxD)	2086x908x300	2 086x2 116x300	2086x1816x300
Size, lower bed	800x1 880	*	800x1880
Slze, Upper bed	-	800x1 880	800x1880
Max load, lower bed	100 kg	*	100 kg
Max load, upper bed	-	100 kg	100 kg

\* The lower bed of a Capacity Bed Combi accommodates a regular spring mattress that is not included in the price. This means the lower bed height is flexible and the maximum weight is determined by the mattress used. For tips on suitable mattresses please contact PMI.
